### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Harrelson on 10-22-04.

The application has been amended as follows:

Claim 19, line 6, the term "binding" was replaced with the phrase "specifically hybridize." Claim 19, line 32, the term "binding" was replaced with the term "hybridization."

2. The following is an examiner's comment:

The previous examiner's amendment mailed 6-04-2004, which replaced the terms "specifically hybridize" and "hybridization" with the term "binding," raises issues under 35 USC § 112, 1<sup>st</sup> paragraph that had not been contemplated at the time the examiner's amendment was entered. This new issue necessitates the current examiner's amendment to restore the language previously presented drawn to "specifically hybridize," and "hybridization." The previous language of "specifically hybridize" and "hybridization" is expressly defined in the specification on pages 11-12 with particularity, such that the instant claims are adequately described and enabled.

Art Unit: 1635
